

# HOW TO USE CALCULATORS

▶ GO TO [www.africanbank.co.za/en/home/investment-calculator/](https://www.africanbank.co.za/en/home/investment-calculator/)

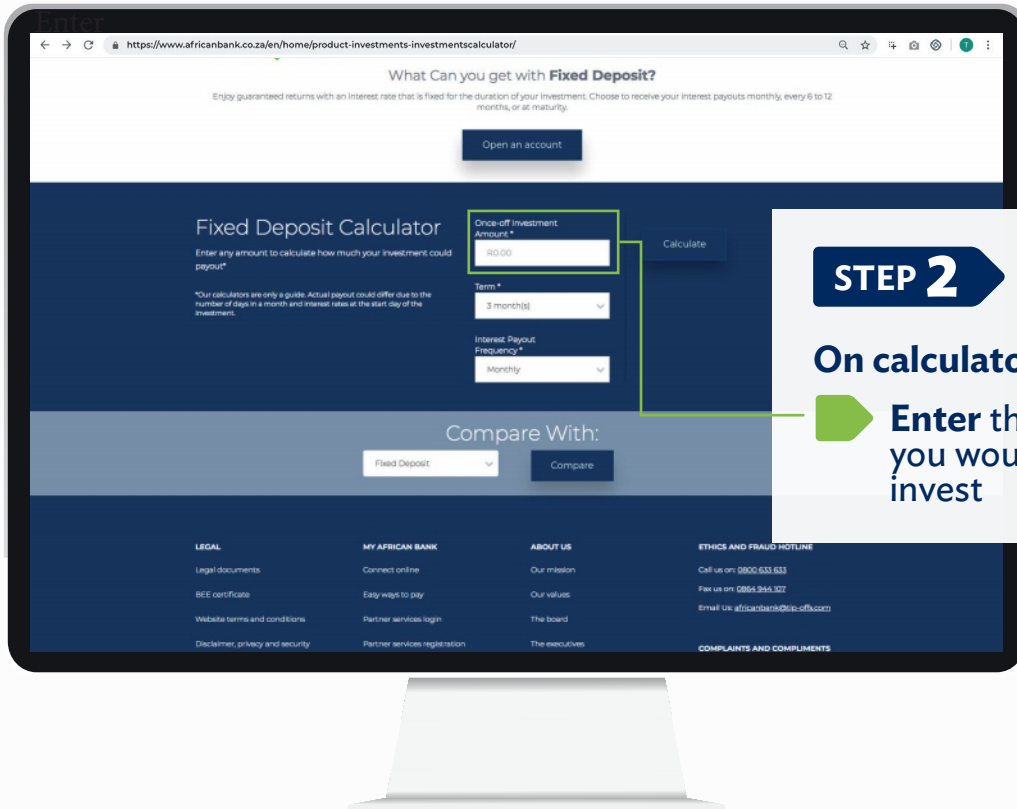

*Tip: If you do not first select an INVESTMENT PRODUCT, Fixed Deposit will be the default selection*

**STEP 1**

Under “Why invest with us?”, select an investment product

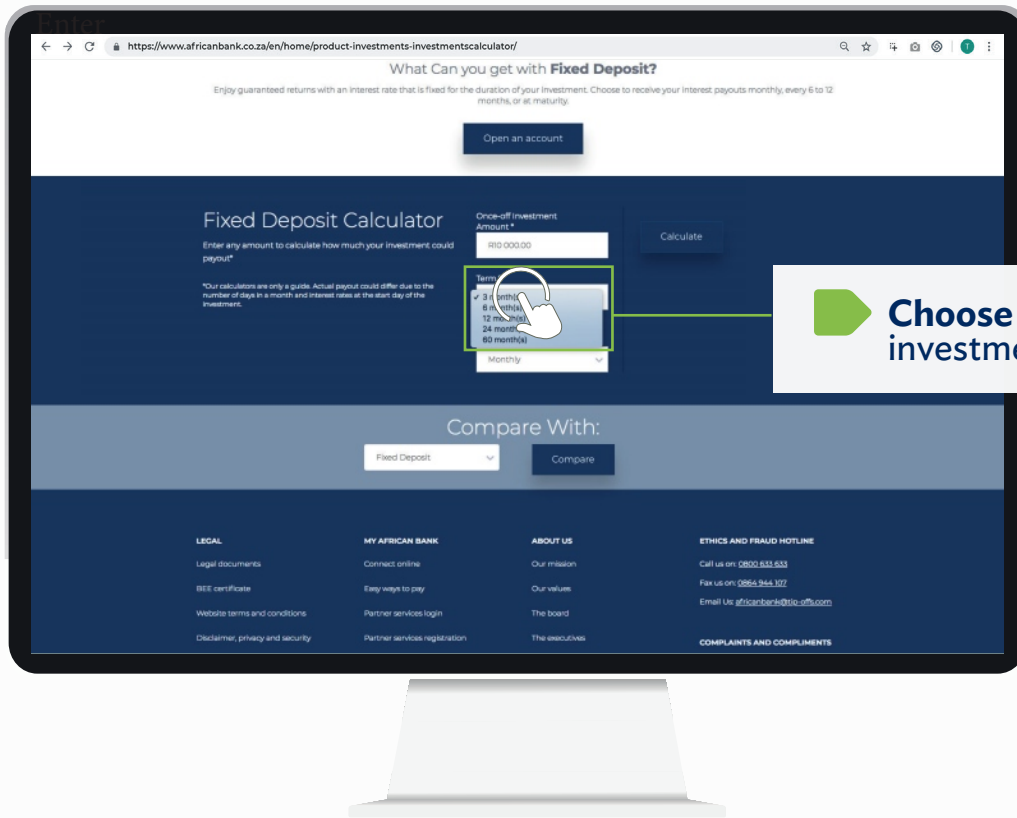

▶ Click **CALCULATE YOUR RETURNS NOW!**

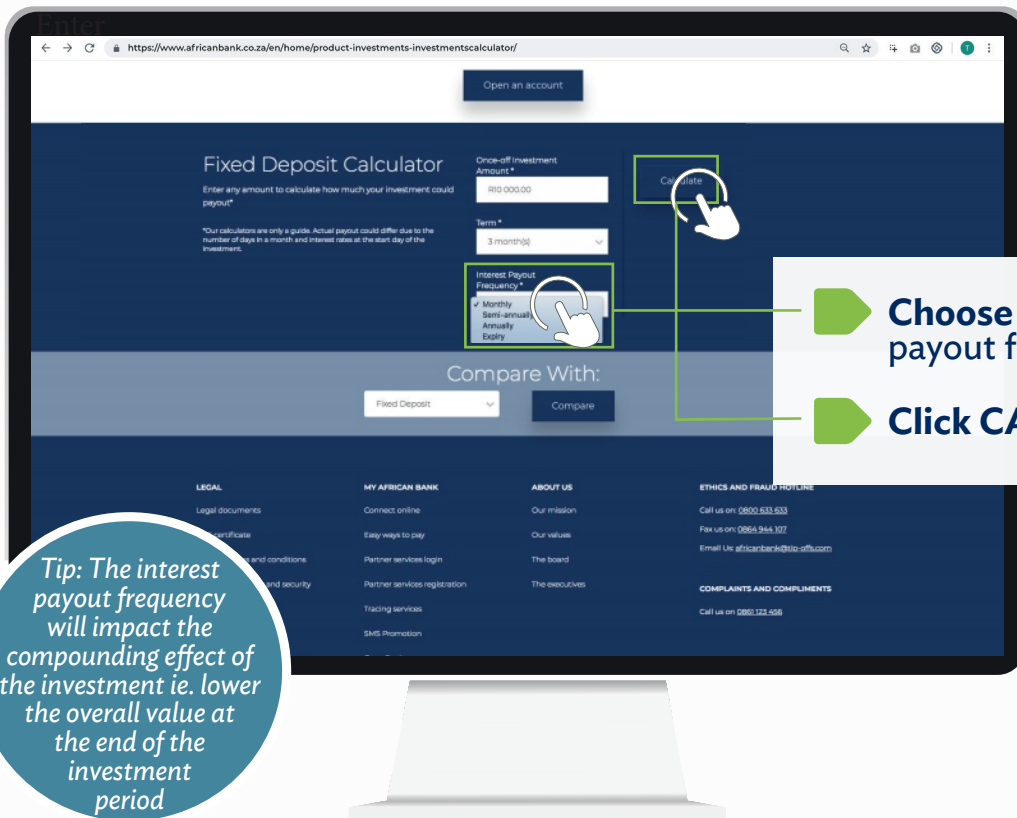

**STEP 2**

On calculator

▶ Enter the amount you would like to invest

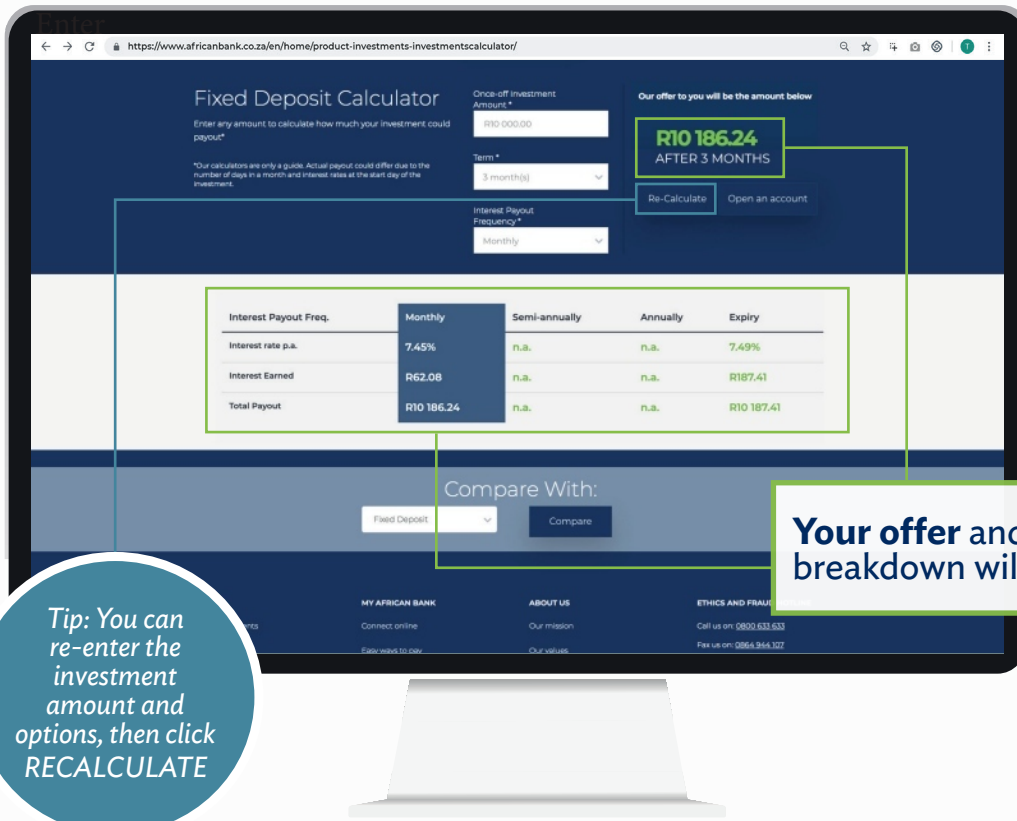

**Choose investment period**

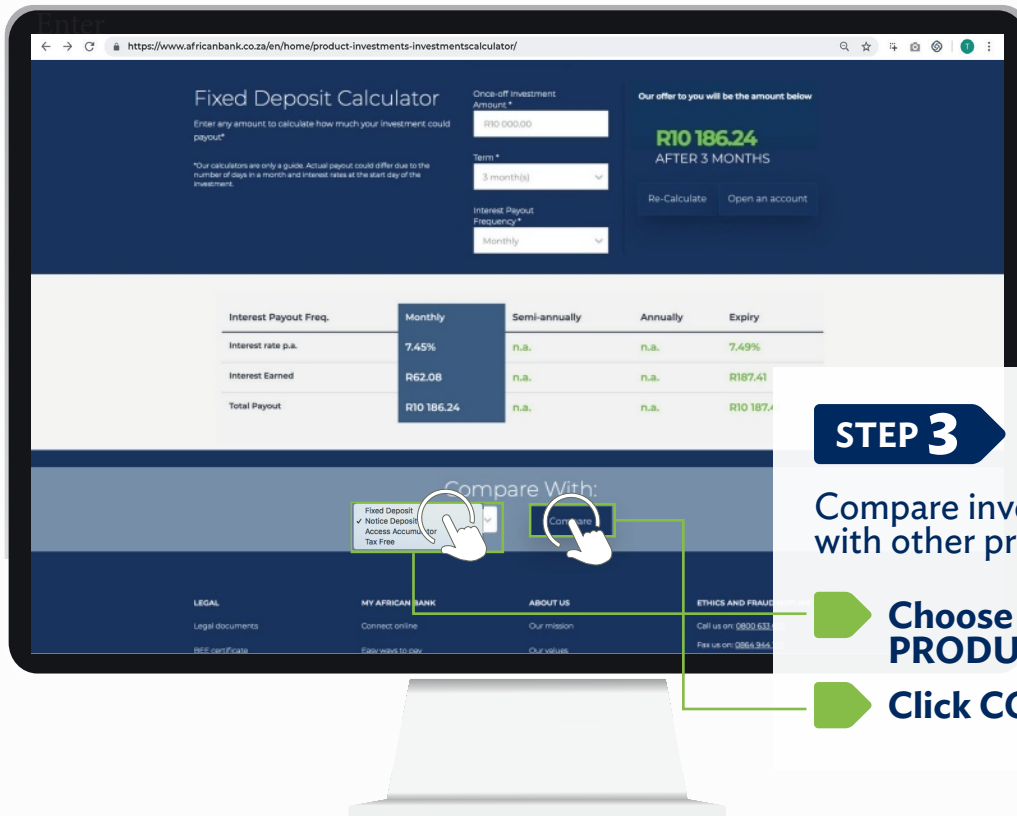

**Choose interest payout frequency**  
**Click CALCULATE**

*Tip: The interest payout frequency will impact the compounding effect of the investment i.e. lower the overall value at the end of the investment period*

Tip: You can re-enter the investment amount and options, then click RECALCULATE

Your offer and summary breakdown will be displayed

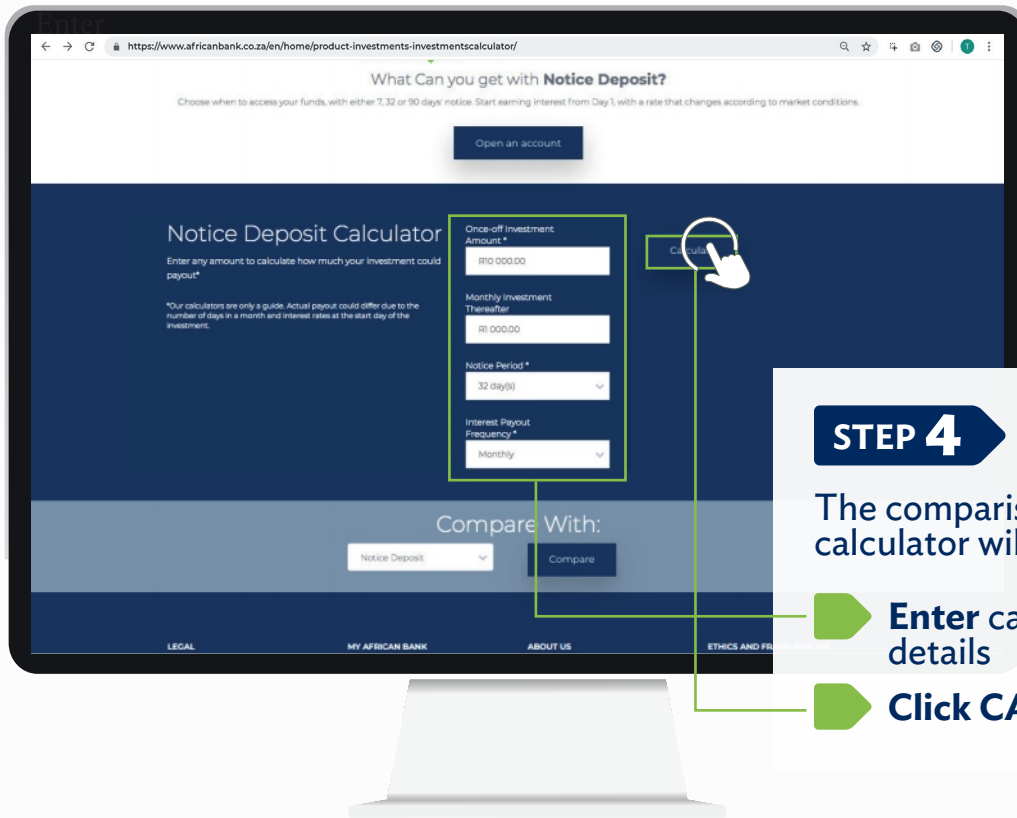

STEP 3

Compare investment offer with other product options

Choose alternative PRODUCT OPTION

Click COMPARE

\*OUR CALCULATORS ARE ONLY A GUIDE. ACTUAL PAYOUT COULD DIFFER DUE TO THE NUMBER OF DAYS IN A MONTH AND INTEREST RATES AT THE START DATE OF THE INVESTMENT

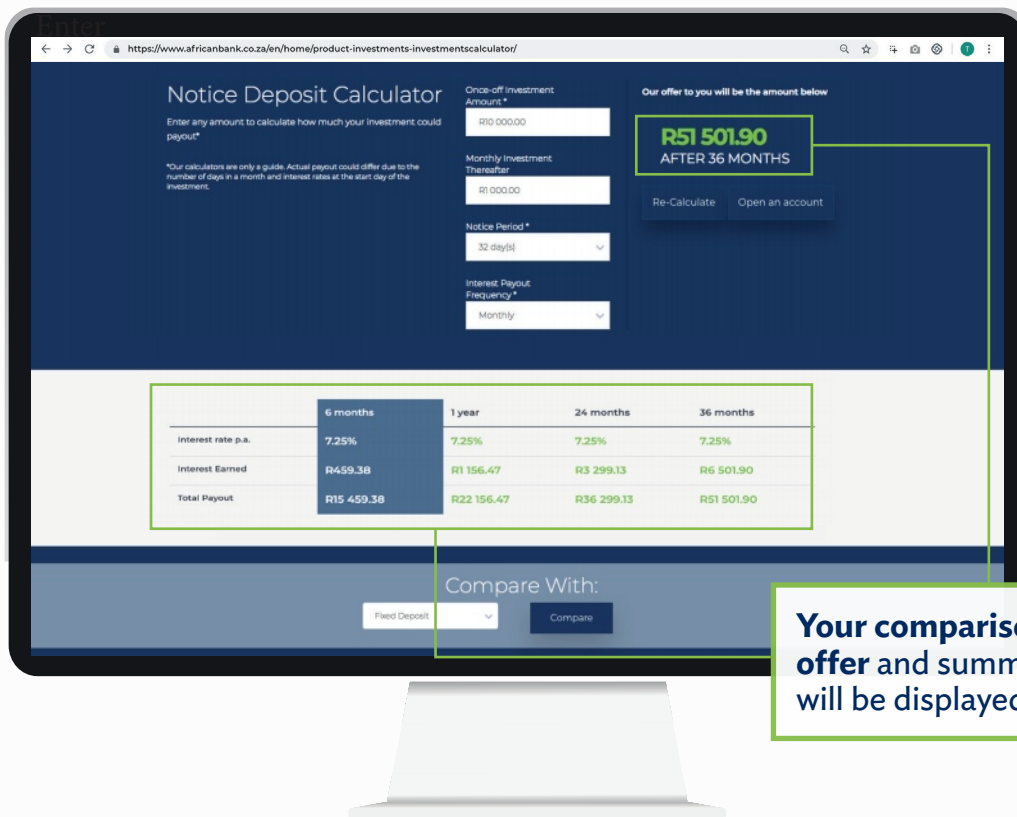

**STEP 4**

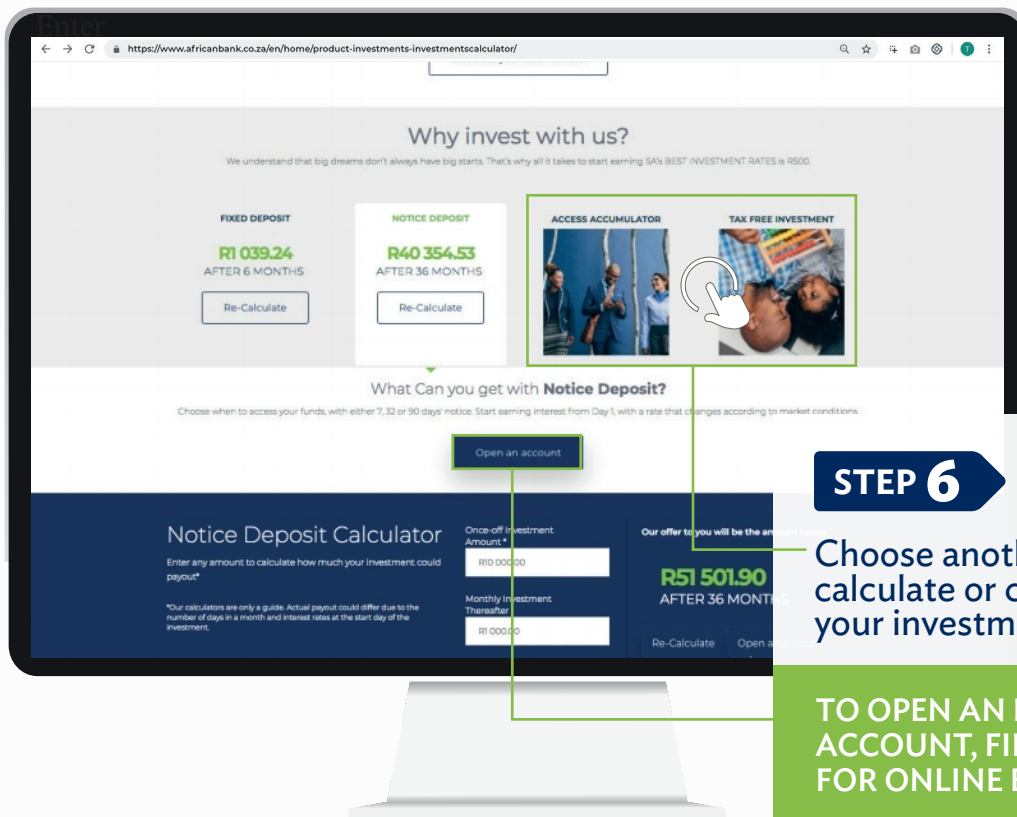

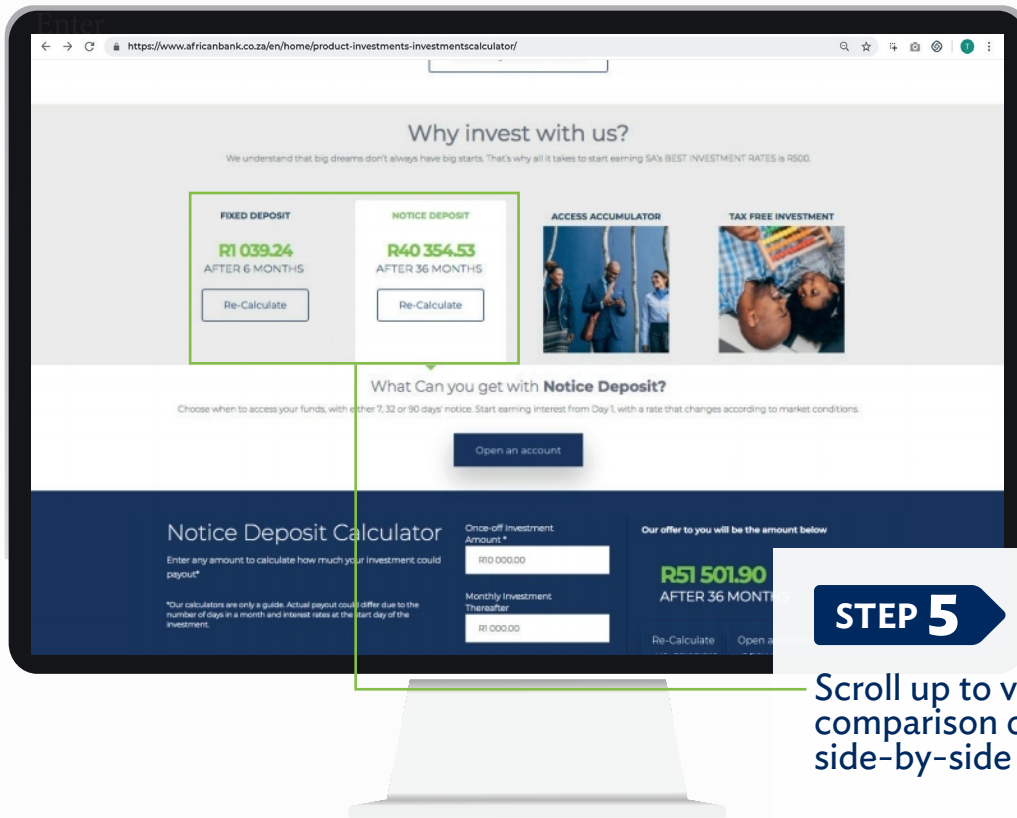

The comparison product calculator will be displayed

Enter calculator details

Click **CALCULATE**

Your comparison product offer and summary breakdown will be displayed
